EDUCATION/TRAINING

Doctor of Pharmacy
Florida A & M University
Suma Cum Laude

April 2009
Tallahassee, Florida

RESIDENCY

Pharmacy Practice Residency
FAMU/Apalachee Center Inc.

July 1 2009-June 30 2010
Tallahassee, Florida

CERTIFICATION/LICENSURE

Current	Florida Licensed Pharmacist, RPh
Current	Board Certified Geriatric Pharmacist, BCGP
Current	Medication Therapy Management Trained
Current	Tobacco Treatment Specialist, TTS

SPECIALIZED TRAINING

American Pharmacists Association. **Medication Therapy Management Training Program.** February 2010

- Explain how to overcome communication barriers and employ active listening when interviewing a patient.
- Conduct a thorough medication therapy review.
- Complete a personal medication record (PMR).
- Develop a medication-related action plan (MAP).
- Perform the following tasks, given a patient case including one or more medications:
- Assess patient-specific data and issues, and interpret these findings to identify the patient's medication-related problems.
- Account for pharmacokinetic and pharmacodynamic changes when reviewing an elderly person's medication regimen.
- Develop a list of the patient's drug therapy problems.
- Establish goals of therapy for each medical condition and medication-related problem identified.
- Make recommendations for resolving situations in which a patient's medications are potentially inappropriate.
- Document services in a manner appropriate for evaluating patient progress, sufficient for billing purposes, and that facilitates tracking clinical and financial outcomes.
- Discuss the elements of an effective recommendation to another health care practitioner.
- Describe the medication use concerns and adverse drug events that affect senior patients.
- Explain how to bill for MTM services using the appropriate CPT code(s).

Florida State University/Area Health Education Center. **Tobacco Treatment Specialist**

Training Program. January 2010

- Gained the skills, knowledge and training to provide effective, evidence-based interventions for tobacco dependence across a range of intensities.
- The TTS may engage not only in providing treatment but also in educating others (health care professionals, administrators, scientists, smokers, nonsmokers) about tobacco dependence treatments.

PROFESSIONAL EXPERIENCE

- 07/2011-current PGY1 Pharmacy Practice Residency Coordinator, *Florida A&M University College of Pharmacy and Pharmaceutical Sciences/Apalachee Mental Health Center, Tallahassee, Fl*
- Meet with the Pharmacy Director to organize and implement activities for the resident
 - Continue development, evaluation, coordination, revision, and implementation of the residency program
 - Facilitate preparation and maintenance of departmental records, files, correspondence, reports and related documents
 - Prepare and edit of the departmental residency manual
 - Coordinate recruitment of residents
 - Develop the resident rotational schedule and curriculum activities
 - Coordinate program activities like educational conferences, seminars, examinations, lectures and clinical meetings
 - Provide mentorship and feedback to the resident regarding clinical activities and tasks
 - Precept the resident for select rotations and activities
- 08/2010-current *Associate Professor of Pharmacy Practice, Florida A&M University College of Pharmacy and Pharmaceutical Sciences, Tallahassee, Fl*
- Precept the Neuropsychiatric Medicine Clinical Clerkship Rotation for Doctor of Pharmacy candidates
 - Advise students of various pharmacy organizations
 - Coordinate and provide lectures and activities in the Patient Counseling Skills Course
 - Coordinate and provide lectures and activities in the Alternative Medicine Course
 - Provide selected lectures in areas of clinical pharmacy and therapeutics in the Principles of Drug Action, Medication Therapy Management, and Self Care courses
 - Provide continuing education lectures to pharmacists and pharmacy technicians
 - Assist with community health fairs, health screens, and community outreach programs through the University
 - Provide clinical pharmacy services at the Apalachee Center Inc. and Tallahassee Memorial Health care Neuroscience Center
 - Prepare and publish peer-reviewed literature
 - Prepare and submit grants for funding
- 09/2009-current *Staff Traveling Pharmacist, Winn Dixie, Panhandle Area*
- Accurately fill prescriptions
 - Operate the PDX pharmacy system

- Adhere to department procedures
- Technician management
- Dispensatory duties
- Third party reconciliation
- Patient Counseling
- Recommend appropriate drug therapy
- Consult and recommend appropriate drug therapy to physicians
- Educate patients on recommended vaccinations and vaccination scheduling

07/2009-current

Clinical Relief Pharmacist, Apalachee Mental Health Center, Tallahassee, Fl

- Review patient medication profiles for drug-drug interactions, drug-disease interactions, contraindications, proper dosage, and duplication of therapy
- Round to inventory and fill each Unit's medication stock room
- Dispensary procedures
- Drug inventory and ordering
- Provide healthcare staff education
- Provide discharge counseling to patients going home
- Serve as a drug information resource to medical staff

07/2009-06/2016

Consultant Pharmacist, Tallahassee Memorial Healthcare Neuroscience Center, Tallahassee, Fl

- Conduct interviews/assessment for patients with various neurological disease states
- Formulate clinical consult reports for patients and practitioners seen at the Memory Disorder Clinic
- Formulate clinical consult reports for patients and practitioners seen at the Parkinson's disease Clinic
- Provide patient medication and disease counseling during patient interviews
- Conduct and present at various patient support groups for those with neurological disorders
- Participate in team meetings
- Provide drug information and staff education to health care clinicians
- Provide drug literature evaluations
- Develop and design drug therapy/disease state inservice brochures and handouts
- Attend health fairs on behalf of the clinic to provide memory screenings and medication counseling

05/2006-09/2009

Pharmacy Intern, Winn Dixie, Crawfordville, Fl

- Accurately typed prescription orders through the PDX system
- Contacted physicians offices about medication errors, interactions, refills, prescriptions
- Counseled patients on new medications, as well as current medications, over the counter products, side effects and relevant disease states
- Conducted health screens as part of Winn Dixie's Healthy Start Health Initiative
- Consulted with various insurance agencies as the patient representative to resolve different issues
- Drug inventory and ordering

- Managing monetary transactions
- 01/2000-05/2006 *Customer Service Lead, Winn Dixie, Monticello Fl, Tallahassee, Fl*
- Performed customer service desk duties
 - Managed monetary transactions
 - Answered questions and assisted with customer concerns and complaints
 - Managed front end cashier and bagboy operations
- 04/2005-05/2006 *Client Telephone Interviewer, Oppenheim Research, Tallahassee, Fl*
- Contacted eligible person who recently used a job-finding resource (WorkForce Plus, etc), and surveyed their experience
 - Contacted contracted clients to survey their current unemployment rate and job opportunity availability
 - Used appropriate communication and basic typing skills

RESIDENCY EXPERIENCE

- Longitudinal **Neurology**, Angela M. Hill, Pharm.D., BCPP: Tallahassee Memorial Healthcare Neuroscience Center, Tallahassee Fl
- Conduct patient interviews/assessment for patients with various neurological disease states
 - Formulate clinical consult reports for patients seen at Memory Disorder Clinic
 - Participate in team meetings
 - Provide drug information to health care staff
 - Provide drug literature evaluations
 - Develop and design drug therapy/disease state inservice brochures and handouts
- Longitudinal **Psychiatry**, Angela M. Hill, Pharm.D., BCPP: Tallahassee Memorial Healthcare Behavioral Health Center, Apalachee Center, Tallahassee Fl. Brenda Whittenberg, Pharm.D., BCPP: Florida State Hospital, Chatahoochee, Fl (2 weeks)
- Participate in rounds with psychiatric and medical team.
 - Conduct disease state/medication therapy group session for patients.
 - Monitor drug therapy of patients.
 - Provide drug information to health care staff.
 - Participate in Clozaril monitoring.
- Longitudinal **Geriatrics**, Angela M. Hill, Pharm.D., BCPP: Tallahassee Memorial Healthcare Adult Day Services
- Review patients charts for medication therapy appropriateness
 - Make medication related recommendations on drug consult forms
 - Served as a reliable resource of medical/pharmaceutical related information
 - Addressed any medical/medication related concerns by nursing staff
- Longitudinal **Hospital Medicine**, Leonard Inge, RPh, CPh: Apalachee Center,
- Dispense medication to hospital inpatients
 - Monitor drug therapy for drug interactions and effectiveness
 - Therapeutic drug monitoring of narrow therapeutic drugs

- Provide drug information to health care staff
- Made recommendations for drug therapy to prescribers
- Provide monthly in-services
- Provide drug literature search

Longitudinal

Academia, Angela M. Hill, PharmD, BCPP: FAMU College of Pharmacy

- Provide student Lectures for the Patient Counseling class
- Conducted review sessions for Patient Counseling and Pharmacotherapeutic classes
- Created assignments/exam questions for third and fourth year professional pharmacy students
- Hosted local school Student Patient Counseling Competition
- Assisted in precepting rotation students on the Neurology, Psychiatry, and Hospital rotations.

February 2010

Ambulatory Care, Tara Henry, Pharm.D.: North Florida/South Georgia Veterans Affairs, Tallahassee FL

- Provided evaluation of pharmacotherapy to outpatients
- Interviewed, assessed, and recommended appropriate therapy to patients for smoking cessation
- Reviewed patient profiles for the Warfarin clinic, and counseled, assessed and recommended appropriate therapy if needed
- Provided drug information and counseling for patients newly diagnosed with diabetes

December 2009

Rehabilitation Medicine, Latilia Mack, PharmD: HealthSouth Rehabilitation Hospital

- Checked prescriptions to ensure that there are no errors and that they are appropriate and safe for the individual patient
- Provided advice on the dosage of medicines and the most appropriate form of medication
- Prepared, compounded, and dispensed medications ensuring its accuracy
- Prepared intravenous medication and infusion services in a state-of-the-art clean room

ADVANCED PROFESSIONAL PHARMACY EXPERIENCES (STUDENT)

(4 weeks each)

02/2009

General Medicine II, Patty Ghazvini, Pharm.D., Phillip Treadwell, Pharm.D.: Tallahassee Memorial Healthcare, Tallahassee, FL

- Rounded with a team of physician, pharmacists, and medical residents to see patients to monitor efficacy, toxicity, and side effects of pharmacotherapy
- Developed, evaluated, and monitored therapeutic regimens for the intensive care unit and primary care unit
- Pharmacokinetic dosing of antibiotics based on patient critical labs values
- Served as drug information resource for healthcare staff and medical Residents
- Counseled and monitored patients on anticoagulation therapy at the outpatient clinic

- 01/2009 **General Medicine I**, Patty Ghazvini, Pharm.D., Phillip Treadwell, Pharm.D.: Tallahassee Memorial Healthcare, Tallahassee, Fl
- Rounded with a team of physician, pharmacists, and medical residents to see patients to monitor efficacy, toxicity, and side effects of pharmacotherapy
 - Developed, evaluated, and monitored therapeutic regimens for the primary care unit patient
 - Pharmacokinetic dosing of antibiotics
 - Serve as a drug information resource to clinicians
- 03/2009 **Rehabilitative Medicine**, Marvin Scott, PharmD, Brenda Thompson, Pharm.D.: Health South Rehabilitation Center, Tallahassee, Fl
- Designed appropriate pharmaceutical care plans including: rationale for drug use, appropriate drug selection, expected outcomes of drug therapy, key monitoring parameters for efficacy and clinically important drug-drug or drug-disease interactions
 - Utilized drug literature evaluation skills to provide recommendations based on evidence-based medicine
 - Provided counseling to on medications to be taken home to patients to be discharged
- 11/2008 **Hospital Medicine**, Emily Grambling, Pharm.D.: Doctor's Memorial Hospital, Perry, Fl
- Designed appropriate pharmaceutical care plans including: rationale for drug use, appropriate drug selection, expected outcomes of drug therapy, key monitoring parameters for efficacy and toxicity, and clinical important drug-drug or drug-disease interactions
 - Considered treatment and therapeutic goals for various disease states and conditions that affect the critical care/trauma population such as: pharmacokinetic drug monitoring, nosocomial pneumonia, fractures, infectious disease, renal failure, heat failure, and nutrition management
 - Established pharmacokinetics to interpret and design individualized dosage regimens to narrow therapeutic index drugs
 - Calculated renal dosing for DVT preventive medications
 - Utilized drug literature evaluation skills to provide recommendations based on evidence-based medicine
- 08/2008 **HIV**, Michael Thompson, Pharm.D., BCPS, Luis Pagan, Pharm.D., Bond Community Health Center ADAP Program
- Monitored antiretroviral therapy of those patients enrolled in the ADAP program
 - Counseled patients receiving antiretroviral therapy
 - Sat in on a series of lectures for NAPLEX preparation
 - Assisted the staffing pharmacist with filling duties at the ADAP pharmacy
- 07/2008 **Psychiatry**, Angela Hill, PharmD, BCPP: Tallahassee Memorial Healthcare Behavioral Health Center, Tallahassee, Fl
- Interviewed, assessed, and evaluated patients' with various psychiatric conditions
 - Learned to design and recommended pharmacological therapy for patients with psychiatric conditions

- Monitored patients' daily psychotropic regimen and suggested solutions to drug/disease and drug/drug related problems
- Served as a reliable drug information source for psychiatrist and nursing staff
- Provided in-services to the nursing staff

06/2008

Ambulatory Care II, Marlon Honeywell, Pharm.D., Eduardo Williams, MD, Bond Community Health Center, Tallahassee, Fl

- Collaborated with physician in designing and implementing therapeutic drug options for the primary care of patients
- Served as a reliable drug information source for physician's questions
- Counseled patients on drug therapy
- Prepared outpatient administration of drugs
- Provided telephone drug orders to pharmacies
- Provided telephone consultation with patients drug-related symptoms
- Provided new and current pharmacological treatment options with physicians
- Conducted a variety of lab testing to monitor patients health and conditions
- Provided in-services on various drug topics

05/2008

Ambulatory Care I, Marlon Honeywell, Pharm.D., Eduardo Williams, MD, Bond Community Health Center, Tallahassee, Fl

- Collaborated with physician in designing and implementing therapeutic drug options for the primary care of patients
- Served as a reliable drug information source for physician's questions
- Counseled patients on drug therapy
- Prepared outpatient administration of drugs
- Provided telephone drug orders to pharmacies
